

Baltimore Ravens' Derrick Mason Scores For Diabetes

This November get your school to team up with Derrick and Marci Mason for the Diabetes Awareness Challenge and you could win a visit from #85!

To coincide with National Diabetes Awareness Month, Derrick Mason, along with his wife Marci, and the American Diabetes Association challenge all Maryland schools to participate in a month long program designed to link students to important information about the fastest growing disease in America.

Raise awareness and funds.

One out of every three children born after the year 2000 will develop diabetes in his or her lifetime. Diabetes is the leading cause of heart disease, blindness, kidney failure and stroke. Your school can play an important role in helping the American Diabetes Association educate students about preventing Type 2 diabetes, while helping to find a cure for people living with both Type 1 and Type 2 diabetes.

It's easy and fun!

1. Read a fact about diabetes or a prevention tip to your students during morning announcements (provided by ADA when you register).

- 2.** Ask every student to bring in just \$5 to support diabetes research and education.
- 3.** All schools raising over \$1000 will be entered in a drawing to receive a visit from Baltimore Raven, Derrick Mason and Marci Mason.
- 4.** All schools raising over \$1000 will be awarded a \$100 gift certificate to US Games.
- 5.** AND, the school raising the most money will receive a \$1000 US Games certificate and the school nurse will receive \$200 VISA gift card.

It's a WIN, WIN, WIN. Score with Derrick Mason and fight diabetes in your school.

Register today! Call Julie Frieman or Leigh Rogers at 410.265.0075 or e-mail jfrieman@diabetes.org or lrogers@diabetes.org
